"story of a teenage boy named Rabindra who decides to write a letter to the person with whom he has risen in love with. Ashi, a girl who is filled with so much warmth, care and love for him. "

Background

I want to grow in film making. I am glad upon the works I have been able to pull off and I am really looking forward for better creation and neater creation of movies that can provide a value to it's viewer. So after making my short film [Result/नतिजा](#). I wanted to learn more about making movies. So, I created a story of a youth who have risen in love with a amazing girl and wants to express his love to her in a letter. And finally here it is.

Introduction

Reasons Why I Love You is a short movie which tells a story of a teenage boy named Rabindra who decides to write a letter to the person with whom he has risen in love with. Ashi, a girl who is filled with so much warmth, care and love for him. Where he himself being pensive and emotionally aware expresses his love for her in a letter.

I themed the movie around my own expectations from love and how love has defined itself on my life. How it is been defamed or misinterpreted in our society. Where love is the driving force and it needs to be experienced by every human being for their growth. It is something we should all embrace and it is something that makes our life and our struggles so much easier and peaceful most of all.

I don't want to share any hatred with any community, gender or to anyone. This is just a story followed by incidents and dialogues.

I am really grateful for Neetesh Jung Kunwar for his permission to use his music "Dui Diney Pahuna" and to all the people with whom I have been able to work and have helped me all along.
